

THE INSTITUTION OF MECHANICAL ENGINEERS  
AEROSPACE INDUSTRIES DIVISION

Free Half-Day Events

Student Seminars

These **free** seminars on four aerospace topics are held at universities and companies that have registered an interest in hosting one of these events. The Systems and Airborne Equipment organisers prefer to use companies as their venue as it allows them to incorporate tours of engineering operations. If you would like to register your organisation as a venue/having parties interested in attending please tick as many boxes as appropriate and return to IMechE.

- My organisation would be interested in offering a venue for a half-day seminar*
- My organisation would be interested in arranging for a party of students to attend a seminar in the following areas:*
  - Airworthiness*
  - Propulsion*
  - Systems and Airborne Equipment\**
  - Aerospace Materials and Structures*

\* held at aerospace engineering companies only

Please indicate the times of the year preferred. The seminars are usually held on a Wednesday afternoon:
