

**Food Engineer of the Year Award 2009
Sponsored by the PM Group**

Presented by

**Process Industries Division
Food Engineering Committee**

The Food Engineering Committee is proud to announce the opening of the Food Engineer of the Year Award 2009, which has been specifically designed to help raise the profile of Food Engineering and promote excellence within the industry.

This prestigious award of £1000 will be presented to the author of the best paper relating to the Food Industry. The competition is open to professional engineers, or undergraduates and graduates studying or training to become one. Papers are welcome from all areas of food engineering.

If you would like to enter the competition, please submit a synopsis of your proposed paper to the address below. Entries will be put to a panel of judges who will shortlist the submissions for the second stage of the competition. Those candidates short-listed will be asked to provide a full paper by a second deadline, after which the winner will be announced.

Deadline for Synopsis: 12 October 2009

For further details on this competition please contact Taz Khatun on Tel: 020 7973 1306 or Email: t_khatun@imeche.org

The Food Engineer of the Year Award is sponsored by the PM Group. With offices in Rugby and Basingstoke, PM Groups team of 1,600 people provides professional services in engineering and architectural design, project and construction management and technical consulting to the Biopharma and Food sectors.

The PM group supports the development of Food Engineering, education and training and operates on a worldwide basis providing engineering services to industry.
