

Blue Peter's Andy at WSCC

■ **ENGINEERING**
buffs at West
Somerset Community
School showed their
skills at the regional
heats of the
Institution of
Mechanical
Engineers
Greenpower School
Electric Car Races
on Sunday.
The event aims to
encourage pupils into
engineering and
offers pupils an
insight into careers as they design and build their
own eco-race cars.
Students built their eco car in conjunction with
BBC's Blue Peter, with the help of host Andy

Akinwolere.
Pictured is Sam Barrett working on the school's eco
car with Andy, Kieron Boulton and Anthony
Bartlett. PHOTO: Steve Guscott.
