

Pupils power their way to success

WEST Somerset schools have swept the board in a competition to design, build and race their own electric cars. Minehead Middle School took the top place in the Greenpower Challenge for the second year running, with the West Somerset Community College in runners-up position and taking the award for the fastest lap, while Williton's Danesfield Middle School won the Spirit of Greenpower award. Cllr Ian Martin, chairman of South Somerset District Council, is pictured presenting the Minehead Middle School team with their trophies. Full report on page 3.
