that our founding members sought to address and relieve. It was poverty and need of this nature, completely dependent on the man of the household being the 100 years ago, the vast majority of women and children were with little or no support and the members. This idea, however, met requesting it be used for engineering at Olympia gave a gift of £50, 1906 The signatures of the First Trustee Board (Committee of Council accepted the money but it is case of hardship”. This time the gave £25 to the IMechE’s Council to revisited when Mr H A Humphrey The benevolent fund idea was introduced. There has always been discretion as today.

What is striking is that the provision of support from since 1924”. Reference is later made to that member being member 72 years old, unemployed, who had spent all his savings...”; and “a member crippled with rheumatism assistance for children providing results which Committee, and have naturally afforded great

The organisation has consistently been meticulous

introduced. There has always been discretion as

a total of £2,341 being awarded in grants.
